3:00PM-5:00PM Strat & Strad

'Strat & Strad' is an unlikely combination of electric rock guitar and classical/folk styled electric violin. They fill the air with lush textures and beautiful melodies, creating a unique brew of aural pleasures. The core of the band is the married couple Rosemary (lifelong student of the violin, second violinist of the Peoria Symphony Orchestra) and Aaron (self-taught rhythm/color guitarist). They came from outside states looking to make a life in Peoria on their own separate terms, met, fell in love, and started making beautiful music together – metaphorically at first and now literally!
