INDEPENDENT AUDITORS' REPORT

To the Board of Commissioners Washington Park District Washington, Illinois

Opinions

We have audited the accompanying modified cash basis financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Washington Park District (the "District"), as of and for the year ended April 30, 2024, and the related notes to the financial statements which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Washington Park Washington Park District, as of April 30, 2024, and the respective changes in modified cash basis financial position for the year then ended in accordance with the basis of accounting described in Note 1.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter – Basis of Accounting

We draw your attention to Note 1 of the financial statements which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1 and for determining that the modified cash basis of accounting and is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements as a whole that collectively comprise the Washington Park District's basic financial statements. The component unit, individual funds and combining nonmajor fund information presented on pages 26 through 35 are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The information presented on pages 26 through 35 are the responsibility of management and were derived from, and relates directly to, the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all

material respects in relation to the basic financial statements as a whole on the basis of accounting described in Note 1.

The Schedule of Contributions – Illinois Municipal Retirement Fund on pages 36 through 37 have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on such information.

WASHINGTON PARK DISTRICT NOTES TO FINANCIAL STATEMENTS APRIL 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Washington Park District was created for the purpose of procurement, administration, and maintenance of recreational facilities used by the public within the boundaries of the District.

The financial statements of the Washington Park District (the "District") have been prepared on the modified cash basis of accounting. Consequently, certain revenue and related assets are recognized when received rather than when earned, and certain expenses are recognized when paid rather than when the obligation is incurred. This method of accounting differs from the accrual basis in which revenue and the related assets are recognized when earned, and expenses are recognized when the obligation is incurred.

The District is governed by a five member Board of Commissioners ("Board") that is elected by registered voters of the District. Of the five, one is elected as President. The Board of Commissioners appoints a Director of the District who receives annual compensation for his duties. The compensation package for the Director is passed by resolution of the Board. The Director's main responsibility is acting as chief executive officer of the District which includes oversight of the operation and maintenance of all park assets, oversight of all park programs, preparing budgets, and overseeing Board policies and directives.

The District's reporting entity includes the Park District's governing board and all related organizations for which the District exercises oversight responsibility.

The District has developed criteria to determine whether outside agencies with activities which benefit the citizens of the District should be included within its financial reporting entity. The criteria includes whether the District exercises oversight responsibility (which includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operation and accountability for fiscal matters), scope of public service and special financing relationships.

Using these criteria, the District has included the Washington Park Foundation as a discretely presented component unit in the government financial statements. The Foundation is a non-profit organization that collects and remits donations for the District. Although the Foundation operates on a calendar year for the purpose of filing the appropriate tax forms, it is presented in the financial statements as having an April 30th year-end to allow for comparability to the primary government.

B. Basis of Presentation

Government wide financial statements – The Statement of Net Position – Modified Cash Basis and Statement of Activities – Modified Cash Basis display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds, (there are none.) The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services and would be reported separately from the government activities however, the District does not report any funds as business-type activities.

The Statement of Activities – Modified Cash Basis demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as general revenues.

Fund financial statements – Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitutes its assets, liabilities, fund equity, revenues, and expenditures/expenses. A fund is considered major if it is the primary operating fund of the District or if it meets the following criteria:

- total assets, liabilities, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type, and
- total assets, liabilities, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

The District reports the following major governmental funds:

Corporate Fund:

The Corporate Fund is available for any authorized purpose and is used to account for all financial resources of the general government, except those required to be accounted for in another fund.

Recreation Fund:

The Recreation Fund is used to account for accumulation of resources and expenditures for the District swimming pool and miscellaneous other recreation programs.

IMRF Fund:

The IMRF Fund is used to account for accumulation of resources and payments to the Illinois Municipal Retirement Fund.

Working Cash Fund:

The Working Cash Fund is used to account for accumulation of working cash.

Capital Improvement Fund:

The Capital Improvement Fund is used to account for the accumulation of money for capital improvements.

Debt Service Fund:

The Debt Service Fund is used to account for the accumulation of resources for, and the payment of long-term debt, interest, and fees.

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the modified cash basis of accounting, as are the governmental fund statements. Consequently,

certain revenue and related assets are recognized when received rather than when earned, and certain expenses are recognized when paid rather than when the obligation is incurred.

D. <u>Budgets and Budgetary Accounting</u>

Formal budgetary accounting is employed as a management control of the District. Annual operating budgets are adopted each fiscal year through passage of an annual budget and appropriations ordinance and amended as required.

For each fund, total fund expenditures may not legally exceed the budgeted expenditures. Unexpended budgeted amounts lapse at the end of each fiscal year. Spending control is established by the amount of expenditures budgeted for the fund, but management control is exercised at the line item level. Encumbrances accounting is not employed.

The District adopts its annual budget in accordance with Illinois Compiled Statutes, as follows:

- (1) The budget officer submits to the Commissioners a proposed operating budget for the year commencing June 1. The operating budget includes proposed expenditures and the means of financing them.
- (2) A public hearing is conducted to obtain taxpayer comments.
- (3) Prior to September 1, the budget is legally adopted through passage of an ordinance.
- (4) Budgeted amounts may be transferred between object classes within a fund at any time. The annual budget may be revised by a vote of two-thirds of the District by deleting, adding to, or changing budgeted items. No revision of the budget can be made increasing the budget in the event funds are not available.

E. Cash and Cash Equivalents

For purposes of the financial reporting, "cash and cash equivalents" includes all demand and savings accounts and certificates of deposit or short term investments with an original maturity of three months or less when purchased.

F. <u>Inventories</u>

Inventories are valued at cost using the first in/first out method. Inventories consist of concession stand items.

G. Capital Assets

Capital assets, which include property, plant, and equipment, are reported in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$2,500 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Property, plant, and equipment are depreciated using the straight-line method over the following estimated useful lives:

	Life in
Type of Assets	<u>Years</u>
Buildings and shelters	20 - 50
Equipment	7 - 20
Playground equipment	20
Vehicles	5 -10
Trails	20

H. Long Term Debt

In the government-wide statements long term debt and other long term obligations are reported as liabilities in the applicable governmental activities Statement of Net Position – Modified Cash Basis.

Long term debt for governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest is reported as expenditures.

I. Equity Classifications

GOVERNMENT - WIDE FINANCIAL STATEMENTS

Equity is classified as net position and displayed in three components:

- Invested in capital assets consists of capital assets, net of accumulated depreciation and net of related debt.
- Restricted net position consists of net assets with constraints placed on their use either by external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or law through constitutional provisions or enabling legislation.
- Unrestricted net position consists of all other net assets that do not meet the definition of restricted or invested in capital assets.

FUND FINANCIAL STATEMENTS

Governmental fund equity is classified as fund balance. The components of fund balance are:

- Non-spendable consists of resources that cannot be spent because of their form.
- Restricted consists of resources which have limitations imposed by enabling legislation and limitations imposed by creditors, grantors, or contributors.
- Committed consists of resources which have limitations imposed by the governing board through formal action.
- Assigned consists of resources which have limitations resulting from intended use.
- Unassigned consists of the residual net resources of a fund.

Committed funds may be established, modified or rescinded by the Board of Commissioners. Committed funds have been established by the Board of Commissioners and are to be used for future capital projects.

The District's flow of funds assumption prescribes that the funds with the highest level of constraint are expended first. If restricted or unrestricted funds are available for spending, the restricted funds are spent first. If different levels of unrestricted funds are available for spending, the District considers committed funds to be expended first followed by assigned and, lastly unassigned funds.

J. <u>Interfund Transactions</u>

Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed. All other interfund transactions, except reimbursements are reported as transfers.

K. Property Taxes

Property taxes attach as an enforceable lien on individual properties at January 1. The levy must be filed with the County Clerk by the last Tuesday in December each year and is extended against the District assessed valuation on January 1. Taxes are due and payable in two installments in June and September.

Property taxes levied are collected by the county and distributed to the District over a period of time starting approximately one hundred eighty (180) days after the levy.

The following are the tax rate limits permitted by local referendum and the actual rates levied per \$100 of assessed valuation:

		Actual				
	Limit	2023 Levy	2022 Levy

L. <u>Personal Property Replacement Taxes</u>

Personal property replacement taxes are collected by the Illinois Department of Revenue and remitted to the District in the month following collection. The personal property replacement tax is recorded in the Corporate Fund.

M. <u>Use of Estimates</u>

In preparing financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

N. <u>Program Revenues</u>

In the Statement of Activities – Modified Cash Basis, revenues that are derived directly from each activity or from parties outside the District's taxpayers are reported as program revenues. The District has the following program revenues:

Culture and recreation – Athletics, tumbling and dancing programs, admission to the pool, early childhood programs, concession sales, and rental fees for the use of District facilities.

All other governmental revenues are reported as general. All taxes are classified as general revenue even if restricted for a specific purpose.

O. Interfund Balances and Activities

Short-term amounts owed between funds are classified as "due to/from other funds", representing expenditures paid by one fund on behalf of the other. Interfund activity and balances, if any, are eliminated or reclassified in the government-wide financial statements as follows:

Internal balances – Amounts reported in the fund financial statements as interfund receivables and payables are eliminated in the governmental and business-type activities columns of the Statement of Net Position – Modified Cash Basis, except for the net residual amounts due between governmental and business-type activities, which are reported as internal balances.

Internal activities – Amounts reported as interfund transfers in the fund financial statements are eliminated in the government-wide Statement of Activities – Modified Cash Basis except for the net amount of transfers between governmental and business-type activities, which are reported as transfers-internal activities.

P. Subsequent Events

Management has evaluated subsequent events and transactions for potential recognition or disclosure as of December 16, 2024, which is the date the financial statements were available to be issued. No items requiring disclosure were identified.

NOTE 2 – CASH AND INVESTMENTS

Deposits

Custodial credit risk for deposits is the risk that in the event of a bank failure, the District's deposits may not be returned or the District will not be able to recover collateral securities in the possession of an outside party. The District's deposit policy provides that all deposits be guaranteed by the U.S. government, insured by the Federal Deposit Insurance Corporation (FDIC), or fully collateralized with securities held by the District or its agent in the District's name or by its counterparty's trust department or agent in the District's name. The District's cash and cash equivalents at April 30, 2024 consisted of deposits with financial institutions.

As of April 30, 2024, \$235,708 of the District's bank balance was over the FDIC insurance limit but was covered by collateral held by the pledging bank.

NOTE 3 – CAPITAL ASSETS

The following is a summary of changes in capital assets for the year ended April 30, 2024:

Governmental Activities

	Beginnir Balance	C		Deci	reases	Ending Balance
Capital assets, not being depreciated Land	\$ 812,19	98 \$	_	\$	_	\$ 812,198

2022 Ford F-150	19,889	-	9,831	10,058	10,058
Total Notes Payable	65,364	-	45,183	20,181	20,181
Total long-term liabilities	\$ 1,292,364	\$ 508,000	\$ 772,183	\$ 1,028,181	\$ 773,181

Total interest expense for the year ended April 30, 2024 was \$44,727.

On October 1, 2006 the District issued General Obligation Park Bonds in the amount of \$1,435,000 in order to finance various capital projects in the District. Payments of principal and interest are due March 1 each year commencing March 1, 2008 through March 1, 2026. The bonds have interest rates ranging from 3.70 - 4.75%. Following is a schedule of principal and interest requirements at April 30, 2024:

Fiscal	P	Principal Interest		nterest		Total
Year	P	Payment		Due		ayment
2025	\$	90,000	\$	16,343	\$	106,343
2026		255,000		12,113		267,113
Totals	\$	345,000	\$	28,456	\$	373,456

On September 27, 2012, the District issued General Obligation Park Bonds in the amount of \$1,745,000 to refund certain of the District's outstanding General Obligation Refunding Park Bonds, Series 2005, and to pay costs of various capital projects. Payment of principal and interest are due March 1 each year commencing March 1, 2013 through March 1, 2025. The bonds have interest rates ranging from 3.70 –

4.75%. The District appointed UMB Bank, N.A., Kansas City, Missouri as Bond Registrar and paying agent. Following is a schedule of principal and interest requirements at April 30, 2024:

Fiscal	Principal	Interest	Total
Year	Payment	Due	Payment
 2025	\$ 155,000	\$ 5,347	\$ 160,347

On February 1, 2024, the District issued Limited Tax General Obligation Park Bonds, Series 2024 in the amount of \$508,000 to finance certain authorized park district facilities and improvements and pay debt service on certain outstanding obligations. Payment of principal and interest is due December 1, 2024. The bonds have an interest rate of 4.00%. Following is a schedule of principal and interest requirements at April 30, 2024:

Fiscal	Principal	Interest	Total
 Year	Payment	Due	Payment
 2025	\$ 508,000	\$ 15,240	\$ 523,240

On February 1, 2023, the District issued Limited Tax General Obligation Park Bonds, Series 2023 in the amount of \$487,000 to finance certain authorized park district facilities and improvements and pay debt service on certain outstanding obligations. Payment of principal and interest is due December 1, 2023. The bonds have an interest rate of 3.00%. The bonds were paid off during the fiscal year ended April 30, 2024.

In fiscal year 2019, the District entered into a promissory note agreement with Washington State Bank for the purpose of purchasing a bus. The loan carries a fixed interest rate of 2.70 percent. Payments are due in seven annual amounts of \$13,250, including interest, with final payment due July 12, 2024. The note was paid off during the fiscal year ended April 30, 2024.

In fiscal year 2023, the District entered into a promissory note agreement with Morton Community Bank for the purpose of purchasing a Ford F-250. The loan carries a fixed interest rate of 2.60 percent. Payments are due in two annual amounts of \$10,397, including interest, with final payment due May 19, 2024. Following is a schedule of principal and interest requirements at April 30, 2024:

Fiscal	Principal	Interest	Total
Year	Payment	Due	Payment
2025	\$ 10,123	\$ 274	\$ 10,397

In fiscal year 2021, the District entered into a promissory note agreement with Morton Community Bank for the purpose of a 2022 Ford F-150. The loan carries a fixed interest rate of 2.29 percent. Payments are due in three annual amounts of \$10,292, including interest, with final payment due May 31, 2024. Following is a schedule of principal and interest requirements at April 30, 2024:

Fiscal	Principal]	Interest		Total	
 Year	Payment		Due		Payment	
2025	\$ 10,058	\$	234	\$	10,292	

State statutes limit the amount of general obligation debt a governmental unit may issue to 2.875% of the latest known equalized assessed valuation. The current debt limitation is \$11,745,925 which is 2.875% of the 2023 rate setting equalized assessed valuation of \$408,553,914. The District's debt is well below the state-imposed debt limit.

NOTE 5 – RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; damage to, and theft or destruction of assets; errors and omissions; injuries to employees and natural disasters. During the year ended April 30, 2024, the District contracted with Illinois Parks Association Risk Services (IPARKS) for liability and property insurance and with Illinois Public Risk Fund for workers' compensation insurance. IPARKS and Illinois Public Risk Fund are local government risk-sharing pool. During the year April 30, 2024, there were no significant reductions in insurance coverage. The amount of settlements has not exceeded insurance coverage in each of the past three years.

NOTE 6 – RETIREMENT PLAN

Plan Description

The District's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and their beneficiaries. The District's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of an agent multiple employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Annual Comprehensive Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

Benefits Provided

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Employees Covered by Benefit Terms

As of December 31, 2023, the following employees were covered by the benefit terms:

Retirees and Beneficiaries currently receiving benefits	8
Inactive Plan Members entitled to but not yet receiving benefits	14
Active Plan Members	12
Total	34

Contributions

As set by statute, the District's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The District's annual contribution rate for calendar year 2022 was 9.88%. For the fiscal year ended April 30, 2024, the District contributed \$46,997 to the plan. The District also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Net Pension Asset/Liability

The District's net pension (asset)/liability was measured as of December 31, 2023. The total pension liability used to calculate the net pension (asset)/liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions

The following are the methods and assumptions used to determine total pension liability as of December 31, 2023:

- The **Actuarial Cost Method** used was Entry Age Normal.
- The **Asset Valuation Method** used was Market Value of Assets.
- The **Inflation Rate** was assumed to be 2.25%.
- Salary Increases were expected to be 2.85% to 13.75%, including inflation.
- The **Investment Rate of Return** was assumed to be 7.25%.
- **Projected Retirement Age** was from the Experience-based Table of Rates, specific to the type of eligibility condition, last updated for the 2020 valuation according to an experience study from years 2017 to 2019.
- For non-disabled retires, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020 were used.
- For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.
- For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.
- The **long-term expected rate of return** on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation.

• The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table as of December 31, 2023:

	Portfolio Target	Long-Term Expected Real Rate
Asset Class	Percentage	of Return
Domestic Equity	35.5%	6.50%
International Equity	18%	7.60%
Fixed Income	25.5%	4.90%
Real Estate	10.5%	6.20%
Alternative Investments	9.5%	6.25-9.90%
Cash Equivalents	1%	4.00%
Total	100%	

Single Discount Rate

A Single Discount Rate of 7.25% was used to measure the total pension liability as of December 31, 2022. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The Single Discount Rate reflects:

- 1. The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
- 2. The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of the most recent valuation, the expected rate of return on plan investments is 7.25%, the municipal bond rate is 1.84%, and the resulting single discount rate is 7.25%.

Changes in the Net Pension (Asset)/Liability

		Total Pension Liability	Plan Net Position			et Pension Liability
	_	(A)	_	(B)	_	(A) - (B)
Balances at December 31, 2022	\$	3,231,348	\$	2,830,178	\$	401,170
Changes for the year:

Balances at December 31, 2023	\$	3,434,639	\$	3,162,470	\$	272,169

Sensitivity of the Net Pension (Asset)/Liability to Changes in the Discount Rate

The following presents the plan's net pension (Asset)/liability, calculated using a Single Discount Rate of 7.25%, as well as what the plan's net pension (Asset)/liability would be if it were calculated using a Single Discount Rate that is 1% lower or 1% higher:

	1% Lower	Current Discount Rate	1% Higher
	(6.25%)	(7.25%)	(8.25%)
Net Pension Liability/(Asset)	\$ 693,206	\$ 272,169	\$ (77,180)

Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

At April 30, 2024, the District reported deferred outflows or resources and deferred inflows of resources related to pensions from the following sources:

Deferred Amounts Related to Pensions	O	Deferred utflows of Resources	Deferred Inflows of Resources		
Deferred Amounts to be Recognized in Pension					
Expense in Future Periods					
Differences between expected and actual experience	\$	101,262	\$	2,556	
Changes of assumptions		2,836		5,798	
Net difference between projected and actual earnings on pension plan investments		390,681	2	236,528	
Total Deferred Amounts to be recognized in pension expense in future periods		494,779	2	244,882	
Pension Contributions made subsequent					
to the Measurement Date		13,482		_	
Total Deferred Amounts Related to Pensions	\$	508,261	\$ 2	244,882	

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future periods as follows:

Year Ending	Net Deferred Outflows		Net Deferred Inflo		
December 31	of Resources		of Resources		
2024	\$	61,311	\$	-	
2025		85,518		-	
2026		124,351		-	
2027		-		21,283	
2028		-		-	
Thereafter		-		-	
Total	\$	271,180	\$	21,283	

NOTE 7 – POSTEMPLOYMENT BENEFITS

District retirees with at least twenty years of full time service to the District may be provided with health insurance, until such a time that the former employee qualifies for Medicare/Medicaid (65 years old). Premiums paid by the District vary depending on the employee's years of service. The District pays 50% of the cost of premiums for employees with at least 20 years of service, 75% of the cost of premiums for employees with at least 25 years of service, and 100% of the cost of premiums for employees with at least 30 years of service.

NOTE 8 – INTERFUND BALANCES

Interfund receivable and payable balances as of April 30, 2024 are as follows:

	 ue from er Funds	Due to Other Funds		
Working Cash Fund Audit Fund	\$ 6,500 -	\$	6,500	
Total interfund receivables and payables	\$ 6,500	\$	6,500	

Interfund balances result from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system and (3) payments between funds are made. Balances are to be collected in the subsequent year.

NOTE 9 – INTERFUND TRANSFERS

Interfund transfers are the flow of assets from one fund to another where repayment is not expected. In the year ended April 30, 2024, the District made interfund transfers in order to correctly allocate excess funds to the Capital Improvements Fund and provide for Debt Service payments. Transfers between funds for the year ended April 30, 2024, were as follows:

	Tr	ansfer In	Transfer Out		
Capital Fund	\$	368,500	\$	-	
Corporate Fund		-		8,500	
Recreation Fund		-		150,000	
Debt Service Fund		-		210,000	
Total interfund transfers	\$	368,500	\$	368,500	

NOTE 10 – INTERGOVERNMENTAL AGREEMENTS

During the year ended April 30, 2007, the District entered into an intergovernmental agreement with the Washington Area Community Center, a non-for-profit organization. The District pays an annual fee for the use of the facilities at Five Points Washington. A base usage fee of \$10,000 and a supplemental usage fee of \$15,000 are payable annually on or before September 1. Both usage fees are effective for a period of twenty years, after which time the supplemental usage fee is terminated. The base usage fee can be exercised for four consecutive, irrevocable options of twenty years each. Upon exercise of each subsequent option, the base use rate shall be adjusted annually based on the municipal price index.

The District also has an intergovernmental agreement with Washington School District #52 for the use of school facilities for the purpose of programming District recreational programs including, but not limited to baseball, softball, soccer, and lacrosse programs. School activities will always take priority over District events without exception. The District will provide access to District facilities for school purposes including, but not limited to, the recreation facility gymnasium including tumbling equipment, shelters, cross country courses, baseball & softball diamonds, and use of various maintenance equipment.

NOTE 11 - RELATED PARTY TRANSACTIONS

There were no significant related party transactions entering into during the year ended April 30, 2024.

NOTE 12 – TAX ABATEMENTS

During the year ended April 30, 2024, the District passed Resolutions 2024-1 and 2024-2 fully abating taxes for the issuance of General Obligation Park Bonds, Series 2006 and Series 2012. The levy of taxes for the year 2023 was reduced by \$270,900 in total.

NOTE 13. OTHER REQUIRED INDIVIDUAL FUND DISCLOSURES

Generally accepted accounting principles require disclosure of certain information concerning individual funds including:

a. Excesses of total expenditures over budget of individual funds are as follows:

<u>Fund</u>	Budget	<u>Actual</u>	Excess Actual Over Budget
Debt Service	\$ 770,900	\$ 775,155	\$ 4,255
Capital Improvement	603,043	643,297	40,254
Recreation	1,375,215	1,564,358	185,449

b. <u>Deficit fund balances of individual funds</u>.

The following funds had a deficit fund balance/net position at April 30, 2024:

Audit \$ 3,392

WASHINGTON PARK DISTRICT NOTES TO SUPPLEMENTARY INFORMATION APRIL 30, 2024

NOTE 1 - SUMMARY OF ACTUARIAL METHODS AND ASSUMPTIONS USED IN THE CALCULATION OF THE 2023 CONTRIBUTION RATE

Valuation Date:

Actuarially determined contribution rates are calculated as of December 31 each year, which are 12 months prior to the beginning of the fiscal year in which contributions are reported.

Methods and Assumptions Used to Determine 2023 Contribution Rates:

Actuarial Cost Method: Aggregate entry age normal

Amortization Method: Level percentage of payroll, closed

Remaining Amortization Period: Non-Taxing bodies: 10-year rolling period.

Taxing bodies (Regular, SLEP, and ECO groups): 20-year closed period. Early Retirement Incentive Plan Liabilities: a period up to 10 years selected by the Employer upon adoption of ERI. SLEP supplemental liabilities attributable to Public Act 94-712 were

financed over 15 years for most employers.

Asset Valuation Method: 5-year smoothed market; 20% corridor

Wage Growth: 2.75%
Price Inflation: 2.25%

Salary Increases: 2.85% to 13.75%, including inflation

Investment Rate of Return: 7.25%

Retirement Age: Experience-based table of rates that are specific to the type of

eligibility condition; Last updated for the 2020 valuation pursuant to

an experience study of the period 2017 to 2019.

Mortality: For non-disabled retirees, Pub 2010, Amount-Weighted, below-

median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future

mortality improvements projected using scale MP-2020.

Other Information:

Notes: There were no benefit changes during the year.

^{*} Based on Valuation Assumptions used in the December 31, 2021 actuarial valuation.
